

# Camp Yowochas

## Activity Guide

# Fire Building

An introduction to basic fire lighting technique, safety and leave-no-trace ethic. Participants will learn about the three elements required to make a fire; fuel, heat and air. Participants will also learn about tinder, kindling and fuel to keep their fire burning longer. Fire Building can also be combined with outdoor cooking for an amazing experience.

### Program Specifics

- ◆ Groups up to 15
- ◆ Well suited for ages 8 - adults
- ◆ Led by trained Camp Yowochas Staff
- ◆ Available year– round
- ◆ Participants will learn how to properly use a fire building knife under supervision
- ◆ Can be combined with Outdoor Cooking
- ◆ Participants will learn about the leave-no-trace ethic

### Safety Considerations

This activity will be lead by a well trained Camp Yowochas staff member who will teach all safety techniques and skills. Fires are kept small and are built in established fire pit areas only. Water for extinguishing the fire is readily available and Boundaries around fire are established. This activity is closely and constantly supervised.
