

# Camp Yowochas

## Activity Guide

# Initiatives

Initiatives follow the same themes of our Initiatives Course but as they are more easily set up without the need for any permanent structures an endless list of challenges is available that will build trust, cooperation, coordination and communication all while having fun. Starting with trust building tasks progressing to more difficult activities. Participants will be encouraged to work on team building, communication, leadership and cooperation.

### Program Specifics

- ◆ Groups up to 15
- ◆ Well suited for all ages
- ◆ Led by a trained Camp Yowochas staff member
- ◆ Activities can be chosen based on your groups needs or desires
- ◆ Activity can be combined with the Initiatives course for an amazing experience
- ◆ Available all year round

### Safety Considerations

Closed toe shoes are required for initiatives as well as a good attitude. Camp Yowochas staff members will discuss all rules and expectations prior to the start of the activities. Initiatives will be closely supervised at all times.
