

Camp Yowochas

Activity Guide

Nature Hike

These walks are a selection of activities designed to encourage participants to explore nature focusing on the five senses. Nature hikes are both educational and fun. You can choose to go on a Nature hike early in the morning, during the day or even as a night time activity. Nature and night hikes may also include games and activities, as well as visiting natural attractions around our site. Check out the Snow Shoeing guide for how to link Nature Hikes in the winter season.

Program Specifics

- ◆ Well suited for all ages
- ◆ Led by a trained Camp Yowochas staff member
- ◆ Available year– round
- ◆ Students are led on a hike through the trails of Camp Yowochas
- ◆ Can be combined with snow shoeing in the winter for a great adventure

Safety Considerations

It is strongly suggested that participants wear closed toe shoes during all Nature Hikes. During a hike an adult participant will be at the back of the group acting as a sweeper. Trails are groomed and maintained throughout the winter. Please see the Snow Shoeing Activity Guide for more information about snow shoeing.
