

# Camp Yowochas

## Activity Guide

# Orienteering

Multiple orienteering courses are set up throughout camp to introduce participants to the sport of orienteering. Professional orienteering maps of the Yowochas site and challenges are presented to the participants to encourage team building and communication. This program is also curriculum linked with courses specifically for Grades 4, 6, 7 & 9 science curriculums. A general course covering Canadian Trivia is also available.

### Program Specifics

- ◆ Groups up to 15
- ◆ Well suited for all ages
- ◆ Led by a trained Camp Yowochas staff member
- ◆ Skill level can be chosen based on your groups needs or desires
- ◆ Activity can be combined with snowshoes in the winter.
- ◆ Available all year round

### Safety Considerations

Closed toe shoes are required for orienteering as well as a good attitude. Camp Yowochas staff members will discuss all rules and expectations prior to the start of the activities. Map reading skills will be taught and demonstrated at the beginning of the session.
