

# Camp Yowochas

## Activity Guide

# Outdoor Cooking

Outdoor Cooking is an educational yet fun way to cook any meal in the outdoors. Participants will start by learning the basics of fire building and making a cooking fire. Participants will not only get to try out one of our many recipes depending on the meal/snack time, they will also learn the importance of fire safety. Participants will learn the types of fires best for cooking, and preparation of a basic treat such as bannock.

### Program Specifics

- ◆ Groups up to 15
- ◆ Well suited for all ages
- ◆ Led by Camp Yowochas staff
- ◆ Available year– round
- ◆ Many snack options available and supplied by Camp Yowochas
- ◆ For a more educational experience, combine outdoor cooking with fire building
- ◆ Participants will practice using the Leave-no-trace ethics of fire building

### Safety Considerations

Participants are encouraged to wear closed toe shoes. Participants will be closely and constantly supervised throughout the duration of the program. Fires will be kept small and will be built in an established fire pit area. The boundaries around the fires will be established and water will be readily available to extinguish.
